

## STATE MEET OF CHAMPIONS QUALIFIERS

(In 1972 only the top 10 individuals in every race qualified. There was no team scoring. From 1973-1977 two teams and five individuals qualified. From 1978-1990, three teams and 10 individuals qualified. In 1991 and 1992, three boys teams and 12 individuals qualified and four girls teams and 12 individuals qualified. From 1993 to 1996, three teams qualified in each group and the next 10 individuals *not* on a qualifying team. From 1997-1999, three teams qualified from each group and a 19th wild card team qualified on the basis of combined team times. The top 10 individuals in each group qualify and 10 wild cards qualified from the six group races who did not otherwise qualify. Starting in 2000, a second wild card team (20<sup>th</sup> overall) was also selected on the basis of combined team times.)
