

## Heart Disease Treatment Assignment - Chrome Book

1. Open google drive / Create a new document / Type your name and Health Class Period at the top of your new document / Name your document: YourLastName-HT-Period?

1. Search online for Heart Disease Treatment options. Use a different Tab.

2. Find one that has an interesting drawing or image illustrating how it works. Drug treatments will normally not fit this requirement unless you can find a detailed diagram of the drug action.

3. Study this treatment option.

4. Copy and Paste the image that you have found into your google drive document. Write a paragraph detailing how the treatment works as you understand it. **Please Use your own words - Do not copy!**

5. Size and form your work so that it is on one page!!!.

6. Move your document in your Health 10 folder and Then Share it with MrBrown.

MrBrown's email: [jbrown@ridgewood.k12.nj.us](mailto:jbrown@ridgewood.k12.nj.us)

Name your document: YourLastName-HT-Period?

7. You will present your image to the class.
